DOI: Tue April 15 2014

Welcome to the City of Austin's Data Portal!

The Data Portal is your open government resource. The data portal's benefits include: transparency, user-friendly data presentation and opportunities for community app development. Browse the data sets below or learn more at: www.austintexas.gov/opendata

App Library

Community App Library

Volunteer citizen developers use the Data Portal to create useful "apps" for residents. View all of the apps they've created so far at www.austintexas.gov/applibrary.
